

Sign up for Work-Based Learning Activities through Remind

Text the number below and leave the suggested text message for each activity you are interested in. Signing up for an event means you would like to know more. As the date for the event approaches, we will text you a reminder to sign up in our office. Take time this year to explore career areas you are interested in. These events are usually held during school hours and we will be riding school district buses. If you have more questions, visit us in room #2117.
