This technology is to be used for homework and appropriate family use. I understand that our computer usage will be monitored by the Canyons School District (CSD). Any access of "inappropriate matter," meaning pornographic or indecent material as defined in Utah Code §76-10-1235 (1)(a), will violate the agreement. The opportunity to use this technology is a privilege that CSD gives to students, provided that the technology is used responsibly.

Parent Responsibility and Permission

I am authorizing my student to check out CSD technology. I understand that it is to be used as a tool for academics and learning and that my student and household will comply with the Canyons School Responsible Access and Use Conduct Guidelines (a copy is attached). I accept responsibility for all items that are checked out and will return them in the same condition as they were received. I will ensure the safe and timely return of the equipment within the loan period. I also understand that I am financially responsible for the loss or willful, malicious or accidental damage or loss of the equipment. The value of the technology is \$275.00 (Chromebook \$175.00, hotspot \$100.00). I also understand that loss or damage of equipment may result in loss of future checkout privileges. Canyons School District

Responsible Access and Use Conduct Guideline

All members of the Canyons School District community agree to follow school rules and commit to the District's values. These values include:

- A commitment to integrity
- A love of learning and diversity
- A respect for the rights and feelings of others
- A respect for one's self

To maintain these values we all agree to support the needs of the District community. A detailed summary of your responsibilities is identified below.

Canyons School District owns all systems, software, and other content stored on the network, including (but not limited to):

- Word-processing, spreadsheet, presentation, database, and other programs
- Network folders, images, video, and stored files
- Research tools, library catalogs, and associated memberships in online resources
- E-mail, web pages, log files and cache files
- Access to social networking and other websites through Canyons District networks

Tampering with CSD technology or another person's work is prohibited, and could result in the loss of all rights to use computers at CSD (including user accounts and network access). Violations of this policy are also subject to disciplinary action up to and including suspension and/or expulsion.

As the line between the actual world and the virtual world of the Internet grows increasingly blurry, students should take care to conduct themselves in both realms in accord with the community standards outlined herein. This caution particularly applies to the use of online social software including blogs, wikis, and other social networking technologies.

I understand:

- When using District resources or on school time, I represent the Canyons School District, even if I am using these resources away from or outside of the District's network.
- If I knowingly enable others to violate these rules, I may be held accountable as if I broke the rule myself.
- Any violation of the rules can result in the loss of my privileges to use technology at school in addition to possible disciplinary action up to and including suspension and/or expulsion.

I will:

- Respect the work and privacy of others throughout the CSD Network.
- Use my applications, e-mail accounts, and CSD Network space appropriately, for school-related activities.
- Store my documents and files in places that are assigned to me.
- Abide by the Canyons School District copyright policy.
- Make an effort to keep my personal technology free from viruses and other destructive materials and will report any virus detections to a member of the technology staff.
- Report to a responsible adult any inappropriate or suspicious activity that may violate this Responsible Use Policy.

I will not:

- Save or install files and/or software on equipment without the authorization of a teacher or the network administrators.
- Use CSD technology resources for commercial activity or to seek monetary gain.
- Intentionally introduce a virus or other harmful code anywhere on the CSD Network.
- Make attempts to circumvent security systems, including filters and computer policies.
- Access, download, store, print, or possess obscene or pornographic material on District premises.
- Use CSD technology resources to store or to transfer software used primarily for hacking, eavesdropping, or network administration.
- Annoy, hinder, or harass others with offensive, obscene, abusive, malicious, embarrassing, or threatening language or images.
- Communicate with inappropriate or abusive language.

When I create content that is saved on the network or posted on school websites, I will:

- Be considerate and respect the privacy of others.
- Identify myself as the author of all content created.
- Clearly indicate when the content was written.
- Give credit to others for their ideas.

Mobile Devices

- The unapproved or disruptive use of electronic devices while on District premises is prohibited.
- Students will receive instruction on the appropriate and academic uses of mobile devices.

Privacy

- I will not attempt to discover or use another user's login name or password, nor will I share my passwords. If I become aware of another individual's password, I will inform that person and/or a responsible adult.
- The Canyons School District respects the importance of online social networking sites to students who use these sites as a means of communicating with peers. Students must understand the public nature of these sites and the risks, responsibilities, and accountability that they, as site managers, must assume if they participate. They also must understand that because student identities are linked with the District (and because of the impact such sites can have on school accountability, public image, and student safety), public-facing student profiles will be monitored.

The Ethical Use of Virtual Materials

- I will not copy or transfer any copyrighted software.
- I will properly cite all online materials that I transfer and use in my work.
- Content created with and saved on CSD network and technology tools is the property of the District.
- If I leave the District community, I may take copies of anything I have created, but the content that I created at CSD can continue to be used by the District for educational purposes such as publications and presentations.

My Use of CSD Content or School Information on Non-CSD Websites

- Content about the Canyons School District, anywhere on the World Wide Web, should observe all aspects of the District's Responsible Use Policy.
- Official School files or documents are not to be posted on non-CSD sites.
- I understand that the official CSD website represents the District. No representation of CSD should be made on any website, newsgroup, bulletin board, through e-mail or through any other means without the permission of the District's administration.

Getting My Content Approved for the CSD Website

- Any individual or organization wishing to post content on the CSD website should e-mail preliminary information to webmanager@canyonsdistrict.org. An initial judgment will then be made of the appropriateness of the posting and other technical issues. Advance notice for special projects is imperative.
