

School Reopening Requirements Template

Name of LEA

Local education agencies (school districts and charter schools also known as LEAs) are required to develop local plans for reopening schools for in-person instruction in the fall of 2020. In this document, LEAs should provide assurance that they have met the specific requirements from the state in their planning process. This document can be used in conjunction with the USBE School Reopening Handbook, which provides recommended considerations to guide planning and additional details. The requirements contained in this template are subject to change and will be updated accordingly.

This Reopening Requirements Template is required to be submitted to the Utah State Board of Education by August 1, 2020. While LEAs may choose to use the format of this document as the basis for their school reopening plan that is required to be made available to the public (public-facing school reopening plan), LEAs may use whatever format they feel best suits the needs and interests of their local community.

Please submit this Reopening Requirements Template to the Utah State Board of Education by email to coronavirus@schools.utah.gov. Submission of the template serves as an assurance only (the Board is not approving local plans).

Attestation:

*Our school reopening plan has been approved by our governing board in an open and public meeting and was made available on our website (and each schools' website) by **August 1, 2020**.*

 Yes No

Insert the link to your public-facing school reopening plan on your LEA website here:

Repopulating Schools

Communication and Training

State Requirement (“What”)	Implementation Plan (“How”)										
<p>Develop administrator/teacher/staff education and training on school’s reopening protocol and action plans</p> <ul style="list-style-type: none"> Educate and train students and caregivers on school’s protocols and action plan; post and/or make accessible to school communities Make materials available to families in their respective preferred/primary language 	<ul style="list-style-type: none"> School Performance will provide training to educate administrators on the action plan. School Administration will provide training to educate all staff on the action plan. Administrators will create lesson plans for teachers to deliver in advisory classes regarding protocols for attendance, sanitation, lunch, before and after school activities, and extracurricular activities. The Alta Administration is the point of contact to answer specific questions or concerns. <table border="0" style="margin-left: 20px;"> <tr> <td>Principal Dr. Brian McGill</td> <td>801-826-5601</td> </tr> <tr> <td>Asst Principal Steve Bailey (Last Names A-D)</td> <td>801-826-5614</td> </tr> <tr> <td>Asst Principal Kelli Miller (Last Names E-K)</td> <td>801-826-5613</td> </tr> <tr> <td>Asst Principal Kelcey Kemp (Last Names L-R)</td> <td>801-826-5615</td> </tr> <tr> <td>Asst Principal Garry True (Last Names S-Z)</td> <td>801-826-5612</td> </tr> </table> Materials will be translated into the primary languages of our families with the assistance of Student Advocacy and Access. Weekly updates will be provided to families via the Alta Newsletter; emails will be translated into the primary languages of our families with the assistance of Student Advocacy and Access. Updates will also be made available on the Alta High School website. Teachers will attend a Tech Summit training to create blended learning spaces so that students can be supported even when they have to miss school for long periods of time. This will also ensure that if we have to move to online instruction exclusively, it can be done smoothly and without disruption to students’ learning. Posters about proper hand washing will be hung in all restrooms. Signage will be placed in main hallways for students to keep right as they walk to control traffic flow. Signage in office areas, Media Center, concessions, and cafeteria will ensure proper physical distancing. Masks will be made available to students who are unable to provide one for themselves. Signage will be placed throughout the school about the importance of masks. 	Principal Dr. Brian McGill	801-826-5601	Asst Principal Steve Bailey (Last Names A-D)	801-826-5614	Asst Principal Kelli Miller (Last Names E-K)	801-826-5613	Asst Principal Kelcey Kemp (Last Names L-R)	801-826-5615	Asst Principal Garry True (Last Names S-Z)	801-826-5612

Asst Principal Garry True (Last Names S-Z)	801-826-5612										

School Reopening Requirements Template

	<ul style="list-style-type: none"> • Student government will create videos to positively promote proper sanitation procedures and mask-wearing to keep schools in session. • Work with School Performance and District Communications if extra precautions or crisis response is needed for any reason. • Students will be able to check out a Chromebook on an as-needed basis at the beginning of the school year so that devices are made available for in-school and out of school use, particularly if a student gets sick or if we need to move to an online delivery system. The goal is that all students will be issued a Chromebook for academic purposes by the end of the school year.
<p>Appoint a point of contact for each school available for questions or specific concerns.</p>	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p>

Accommodating Individual Circumstances (e.g., High-Risk, Personal Decisions)

State Requirement (“What”)	Implementation Plan (“How”)
<p>Create a process for students/families and staff to identify as high risk¹ for severe illness due to COVID-19 and have a plan in place to address requests for alternative learning arrangements, remote learning or instruction, or work re-assignments</p>	<ul style="list-style-type: none"> • Follow district protocols for identifying students in need of short-term home and hospital vs. long-term home and hospital. • Review 504 plans with counselors and administrators to ensure appropriate accommodations are in place. • Review health plans with school nurse and administration to ensure appropriate measures are being taken to protect students. • Students will be given the option to have a partial or full schedule in an online setting. Courses will be administered through Canyons Virtual High School and supported by a CSD teacher. If students choose online learning, we will work with individual families to ensure IEP and/or EL services are delivered appropriately. All core classes are available through CVHS. AP courses are available on a limited scale. The CVHS grading scale will apply. If a student chooses to participate in online learning, they will need to remain in the online setting for at least one quarter. • Students who are quarantined or who contract COVID-19 or any other serious illness will be able to access their Alta learning, as their teachers will create blended learning lessons on Canvas for student access. • Students with an IEP who choose online learning will need to have an IEP meeting to identify new service patterns in the online setting.
<p>Take reasonable steps to minimize and mitigate risk for employees who identify as high-risk</p>	<ul style="list-style-type: none"> • Canyons School District’s protocols and procedures will be followed. Requests for other assignments will be made on a case-by-case basis. • Alta Administration will train all staff and faculty on COVID-19, how it is spread, and how we must protect ourselves and our students. • Teachers will be provided with masks, and students will be required to wear cloth masks over their nose and mouth when in class, in the building and outdoors when 6 feet of physical distancing cannot be consistently maintained.

¹ High-risk individuals are defined as people 65 years and older, people who live in a nursing home or long-term care facility, people of all ages with underlying medical conditions, including lung disease or moderate to severe asthma, people who have serious heart conditions, people who are immunocompromised (many conditions can cause a person to be immunocompromised, including cancer treatment, smoking, bone marrow or organ transplantation, immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications), people with severe obesity, diabetes, chronic kidney disease undergoing dialysis, or liver disease.

School Reopening Requirements Template

	<ul style="list-style-type: none"> • Students with a medical condition, mental health condition, or disability that prevents them from wearing a face covering can be exempt from this order. Families wishing to apply for this exemption for their student should contact the Alta Administration. These exemptions must be written as an accommodation into a Section 504, IEP or Health Care Plan. • Students will be required to wear their student ID during school hours. • District protocols for protecting yourself from COVID-19 will be followed: <ul style="list-style-type: none"> • Disinfectant will be provided in each classroom and office area to sanitize frequently touched objects and surfaces. • Employees and students will be told to stay home when they are sick. • Hand sanitizer and dispensers will be made available in every classroom. • Frequent hand washing will be encouraged. • Employees may request face shields and latex gloves. • Plexiglass shields will be installed in high contact areas (office spaces). • Employees may engage the ADA process for additional accommodations.
<p>Systematically review all current plans (e.g., Individual Healthcare Plans, Individualized Education Plans or 504 plans) for accommodating students with special healthcare needs and update their care plans as needed to decrease their risk for exposure to COVID-19</p>	<p>Indicate assurances:</p> <p><input checked="" type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p>

Enhanced Environment Hygiene & Safety

State Requirement (“What”)	Implementation Plan (“How”)
<p>Develop protocols for implementing an increased cleaning and hygiene regimen</p>	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> • Custodial staff will utilize district protocols for increased cleaning and hygiene regimen. • Custodial staff will perform restroom checks three times daily to ensure adequate soap and paper products. • All facility High Touch Points will be sanitized daily and disinfected two times per week after facility occupants leave. • All high-risk areas (restrooms, locker rooms, sick rooms, showers, pre-school, day care, weight rooms) and any body-fluid spills will be disinfected daily or at time of incident. • All water fountains will be sanitized twice daily and disinfected at the end of the day. Students and staff are encouraged to use refillable water bottles. • Hand sanitizer dispensers have been installed throughout the school. Eventually, hand sanitizer dispensers will be located in every classroom. • Teachers will keep classroom doors open during class changes and whenever possible to reduce door handle high touch points and to increase air flow. • Custodians will follow district protocols for cleaning of cafeteria tables. <p><input checked="" type="checkbox"/> No</p>

School Reopening Requirements Template

Faculty and staff wear face coverings (e.g., masks or shields) when physical distancing is not feasible	<ul style="list-style-type: none"> Faculty and staff wear face coverings when consistent physical distancing is not feasible. Each staff member will be provided two cloth face coverings. Staff members will also need to wear their masks over their nose and mouth.
Make hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant readily available to staff/students/visitors in controlled environments to ensure safe use	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> Hand sanitizer, disinfecting wipes, soap and water, or similar disinfectant will be readily available to staff/students/visitors in controlled environments to ensure safe use. All chemical agents are approved by Canyons School District. Disposable masks will be made available for visitors who do not bring their own. <p><input type="checkbox"/> No</p>

School Schedules

State Requirement (“What”)	Implementation Plan (“How”)
<i>Due to the unique nature of school schedules, USBE has not provided state-wide requirements.</i>	<ul style="list-style-type: none"> All students will return to school on August 17, 2020, on a regular A/B schedule unless the district mandates otherwise. There will be no adjustments made to the Alta bell schedule at this time. This is subject to change, dependent upon the number of students who choose to return for in-person classes upon the completion of registration. Students will not be allowed to congregate prior to the start of school; students must be in a classroom receiving help from a teacher or spread out in the east gym. School will be cleared at 2:30pm. Students remaining in the building must be working with a specific teacher or coach in a specific activity.

Monitoring for Incidences

State Requirement (“What”)	Implementation Plan (“How”)
Develop administrator/teacher/staff education and training on your LEA’s protocol for symptom monitoring	<ul style="list-style-type: none"> School Performance and Responsive Services will train the Alta Administration on action plan for mitigating risk in classrooms. Administration will train and educate staff on the action plan. All employees will receive additional training on COVID-19 during Critical Policies Training. Teachers will then educate students on proper ways to protect yourself from contracting COVID-19 (discussed earlier in this document).
Establish a plan to assist families in conducting symptom checking at home	<ul style="list-style-type: none"> Responsive Services will send home self-symptom screener magnets for families.
Assist families in access to thermometers, or other items, as needed to fulfill appropriate symptom checking requirements	<ul style="list-style-type: none"> Responsive Services will provide thermometers to families upon request.
Monitor staff/student symptoms and absenteeism carefully	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p>

School Reopening Requirements Template

	<ul style="list-style-type: none"> • Each staff member will complete a symptom screener daily to create a digital trail and reinforce that employees must stay home if sick. • No volunteers or guest speakers will be allowed in the school at this time unless cleared by the administration and deemed absolutely necessary. • Teachers and administrators will monitor attendance and reach out to families, as needed. • No Grades will not be given for students who are staying home because they are sick. These students will be given an “Excused” absence, which will not count towards a No Grade. Parents will be informed by the Alta Administration as to how to clear an absence. <p><input type="checkbox"/> No</p>
<p>Educate and promote to staff/students: “If you feel sick; stay home”</p>	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> • Teachers will provide a blended learning environment so that students can easily make up work when absent due to quarantine or illness. • Teachers will have lesson plans available via Canvas, in case students go into quarantine. • When necessary, the Alta Administration will re-assign staff to help teach classes if substitutes are unavailable. <p><input type="checkbox"/> No</p>
<p>Do not allow symptomatic individuals to physically return to school unless their symptoms are not due to a communicable disease as confirmed by a medical provider</p>	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> • After a positive COVID-19 test, students and staff members may return if a doctor’s note is provided. • Office staff and teachers will be trained in identifying symptomatic individuals so that they do not return to school before they are well. • Attendance Office will notify teachers when a student may return to school. Teachers will contact the Alta Administration if a student returns to school exhibiting symptoms or before a self-quarantine has ended. <p><input type="checkbox"/> No</p>

Containing Potential Outbreaks

Preparation Phase

State Requirement (“What”)	Implementation Plan (“How”)
<p>Develop administrator/teacher/staff education and training on school’s protocol for containing potential outbreaks</p>	<ul style="list-style-type: none"> • Protocols developed by Responsive Services will be followed by Alta High School. • Teachers will take attendance daily and maintain assigned student seating to assist with contact tracing. • Digital health room logs and documented screening will be implemented to assist with contact tracing. • Coaches and advisors of extracurricular activities will take attendance at practice and competition to assist with contact tracing. Coaches and advisors will also

School Reopening Requirements Template

	<p>complete symptom trackers on each participant to ensure that no one who is exhibiting symptoms is participating.</p> <ul style="list-style-type: none"> • Protocols for large gatherings (listed below) will be followed to assist with adequate contact tracing.
<p>Consult with local health department regarding procedures for tracing a positive COVID-19 case by an employee, student, visitor, or those who have come into contact with an individual testing positive</p>	<ul style="list-style-type: none"> • Positive COVID-19 cases will be reported to the Alta Administration. The school nurse or the CSD Lead Nurse will be contacted. <ul style="list-style-type: none"> • Administration and office staff will work with the school nurse to contact individuals who have been in direct contact with a positive COVID-19 case. • A letter will be emailed and mailed to effected individuals with instructions for return to school. Phone calls will also be made to individuals, if feasible. <ul style="list-style-type: none"> • In general, these individuals cannot return to school for 14 days. • Testing for COVID-19 should not occur unless the individual experiences symptoms. • The principal will notify the CSD School Performance Director and District Communications. • The identity of the positive COVID-19 case will be kept private. • If an entire class or entire school closure must occur, this will happen in coordination with the Salt Lake County Board of Health and will be communicated to Alta High families, School Performance, and the School Board. • Blended learning will continue for students who are sick or quarantined.

Quarantine/Isolation Protocol²

State Requirement (“What”)	Implementation Plan (“How”)
<p>Designate quarantine rooms at each school to temporarily house students who are unable to return home</p>	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> • An additional space (in addition to the sick room) has been set aside to house sick students. • Alta High will limit and document on the health room log anyone who enters the room to assist with contact tracing. • Signage will be posted to remind individuals not to enter the health room unless absolutely necessary. <p><input type="checkbox"/> No</p>
<p>Communicate health and safety issues transparently, while protecting the privacy of students and families</p>	<ul style="list-style-type: none"> • The principal will ensure that communication to Alta families, the CSD Lead Nurse, Salt Lake County Health Department, District Communications, and the School Board occurs in a timely fashion regarding current COVID-19 cases. Every precaution will be taken to protect the HIPPA of individuals testing positive for COVID-19.

Temporarily Reclosing (if Necessary)

Preparation Phase

State Requirement (“What”)	Implementation Plan (“How”)
<p>Develop administrator/teacher/staff education and training on school’s</p>	<ul style="list-style-type: none"> • Administration will coordinate with School Performance on protocols for temporarily reclosing of schools, if necessary. • Administration will train teachers on what this will entail if this should happen.

² “Quarantine” refers to the recommendations regarding someone that has been exposed to virus (but not yet a confirmed case) is recommended to separate oneself while waiting to see if symptoms develop. “Isolation” refers to the recommendations regarding someone who has a confirmed infection.

School Reopening Requirements Template

protocol for temporarily reclosing schools if necessary	<ul style="list-style-type: none"> Principal will communicate with community and staff about any reclosure of school.
Establish a plan in consultation with local health on responding to confirmed cases and the coordination of temporary closure of a school	<ul style="list-style-type: none"> The communication procedure will be implemented and followed in coordination with school administration, School Performance, District Communications, and the School Board. Salt Lake County Board of Health will work with the CSD Lead Nurse, School Performance, and school administration to determine how long a school closure will last.
In the event of an outbreak, contact the local health department in order to trigger the pre-established plan which may include: class dismissal, school dismissal, longevity of dismissal based on community spread, cleaning/sanitization, communications, contact tracing, etc.	<ul style="list-style-type: none"> The Alta High Administration will follow all recommendations of the Salt Lake County Board of Health in conjunction with the School Board and the Office of School Performance to determine logistics regarding school dismissal and protocols that must be in place to return to school.

Transition Management Preparation

State Requirement (“What”)	Implementation Plan (“How”)
Develop a communication procedure for students and faculty in the case there is a temporary reclosure	<ul style="list-style-type: none"> The Alta High Administration will follow district-created communication procedures to inform students, faculty, and parents of a temporary reclosure. The school principal will be the primary point of contact with assistance from District Communications.
Review original Continuity of Education Plans that were implemented during the spring 2020 soft closure and analyze lessons learned. Consider making changes accordingly and incorporating into transition management plans	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> Plans were reviewed and additional professional learning and supports have been put in place for teachers for 2020-2021. <p><input type="checkbox"/> No</p>
Analyze remote learning capabilities	<p>Indicate assurance:</p> <p><input checked="" type="checkbox"/> Yes</p> <ul style="list-style-type: none"> All high school students will be given access to a Chromebook device. Internet hot spots will be provided as needed to assist with remote learning. Teachers have received additional professional learning to assist with a blended learning model that will also serve as a useful remote learning tool for students. Canvas pages will be systematic so that parents understand how to help their children access course content to continue their learning. If schools are still open, high school students will have the option to attend in-person or online. Online courses for high school students will be provided through Canyons Virtual High School, and parents must commit to an online format for at least one grading period. Students who are placed in quarantine or self-isolation will maintain their Alta High classroom teachers with resources

School Reopening Requirements Template

	<p>provided on Canvas to allow those students to participate in their courses.</p> <ul style="list-style-type: none">• Students who are English Language Learners will be provided electronic translation services for online learning and communication. Instructional videos will be utilized to help parents and students access lesson material, and teachers will provide adjusted supports to continue the learning of these students.• Students receiving Special Education services will have specialized instruction provided by a highly qualified Special Education teacher. A choice of online learning is a change in services and will require an IEP meeting to consider service patterns. School-based administrators will work with the district Special Education department to determine what steps need to be taken for temporary closures or for students who are quarantined. <p><input type="checkbox"/> No</p>
<p>Explore extracurriculars/in-person events that may also need to be temporarily postponed/canceled or transitioned to virtual</p>	<ul style="list-style-type: none">• All recommendations from UHSAA and the Salt Lake County Board of Health will be followed.<ul style="list-style-type: none">• School events will limit spectator levels to 25% capacity to provide for physical distancing. Alta High will use an online or pre-order ticketing procedure with assigned section seating to assist with contact tracing.• Dances will be postponed until further notice.• Assemblies will be postponed until at least after Labor Day. When held, assemblies will be done outside or in smaller groups with assigned seating or completed virtually to provide for contact tracing.• Freshmen Orientation will be held in small groups and all COVID-19 procedures and protocols will be strictly followed.• No Back-to-School Night will occur.• September Parent Teacher Conferences will utilize a Google Meet platform to prevent congregating and close contact.

Mitigation Tactics for Specific School Settings

LEA Mitigation Strategies for Specific School Settings

*Analyze each of the following settings to determine the appropriate risk mitigation strategies to implement. By analyzing the environmental features of your unique setting/activity, you can use what you know about how the virus works and how it spreads to develop a plan for additional strategies. For complete directions on how to fill out the chart, see the USBE School Reopening Handbook. The state requirements have been included in the chart in **purple, bold font**. If a certain state requirement prompts you to develop a protocol or strategy, describe your planned approach within the appropriate table cell. You can also reference the Handbook for additional recommended considerations specific to each school setting. Add additional mitigation strategies to each school setting as you see fit. You may also add additional rows for other school settings that your LEA would like to address.*

K-12 Reopening Plan Assurances

		Mitigation Tactics				
Setting	State Requirement(s)	Isolate Symptoms	Minimize Outbreak Probability	Physical Distancing	Respiratory Hygiene	Physical Hygiene
		(e.g., contact tracing, testing, symptom monitoring, self-isolation, etc.)	(e.g., group size, interaction with multiple groups, etc.)	(e.g., maintaining distance, close physical interaction, frequency of travel, etc.)	(e.g., face coverings, appropriate covering of sneeze/cough, reduce duration spent face-to-face, increase air flow, etc.)	(e.g., personal hygiene, physical space hygiene, personal protective equipment, etc.)
Classrooms	<ul style="list-style-type: none"> Develop and provide educator training on implementing strategies to identify and mitigate risk in a classroom setting 	<ul style="list-style-type: none"> Teachers will be trained by administration (who are on specific symptoms of COVID and how to watch for them. Teachers will be given specific protocols on how to inform administrators if a student is exhibiting symptoms. Attendance Office will notify teachers if an individual is in self-isolation or quarantine. Any contact tracing that is needed will be conducted by the School Administration in coordination with the Board of Health and the District Lead Nurse. 	<ul style="list-style-type: none"> Teachers will assign seats and assign groups to avoid the mixing of cohorts of students. Students will work with the same groups each day and will sit in the same seat each day. Students and teachers will wear cloth masks over their nose and mouth. Teachers and staff will complete a symptom tracker each day to ensure that no symptoms are being exhibited by any adults. 	<ul style="list-style-type: none"> Students will be spread out in a classroom as much as possible. All desks/tables will face forward. Extra lab spaces will be utilized when possible. If this is not possible, additional plexiglass barriers can be utilized. Extra furniture will be removed from the classroom to maximize space. Utilize large spaces as much as possible for instruction (i.e. outside, auditorium, gyms). 	<ul style="list-style-type: none"> Students and faculty will be required to wear cloth masks over their nose and mouth. All faculty will be provided with masks and will be expected to launder them. Doors to classrooms will remain open to increase air flow. 	<ul style="list-style-type: none"> Materials will be provided to sanitize desks and door handles. Hand sanitizing stations will be made available throughout the building (and eventually in every classroom). High risk individuals will be granted additional PPE, as needed. Students will be able to check out their own Chromebook device to decrease equipment being shared between students. Teachers will utilize digital copies rather than paper copies when reasonable possible to minimize physical sharing of classroom materials.

K-12 Reopening Plan Assurances

Setting	State Requirement(s)	Mitigation Tactics				
		Isolate Symptoms	Minimize Outbreak Probability	Physical Distancing	Respiratory Hygiene	Physical Hygiene
		(e.g., contact tracing, testing, symptom monitoring, self-isolation, etc.)	(e.g., group size, interaction with multiple groups, etc.)	(e.g., maintaining distance, close physical interaction, frequency of travel, etc.)	(e.g., face coverings, appropriate covering of sneeze/cough, reduce duration spent face-to-face, increase air flow, etc.)	(e.g., personal hygiene, physical space hygiene, personal protective equipment, etc.)
Transitions	<ul style="list-style-type: none"> Identify high traffic areas and apply floor markings or signage to direct traffic 	<ul style="list-style-type: none"> Students will wear masks over their nose and mouth when they enter the hallway. Students will walk to the right side of all hallways and stairwells. No congregating of students will be allowed in large spaces such as the Commons or in intersections. 	<ul style="list-style-type: none"> Students and staff will wear masks over their nose and mouth when they enter the hallways during class changes. Students will walk to the right side of hallways to decrease face-to-face contact. Administration and teachers will be present in hallways to move traffic and prevent the congregating of students. Floor markings and wall signage will be put in place to divide hallways and stairwells to ensure that students keep to the right. 	<ul style="list-style-type: none"> Students will stay to the right and wear masks over their nose and mouth in high traffic areas. Students will be discouraged from utilizing lockers to avoid congregating of students. Students will be encouraged to utilize backpacks and only go to lockers before or after school or at lunch for items. 	<ul style="list-style-type: none"> All classroom doors will be propped open to minimize the touching of door handles as students move in and out of areas. 	<ul style="list-style-type: none"> Door handles and other high touch areas will be sanitized multiple times a day.

		Isolate Symptoms	Minimize Outbreak Probability	Physical Distancing	Respiratory Hygiene	Physical Hygiene
		(e.g., contact tracing, testing, symptom monitoring, self-isolation, etc.)	(e.g., group size, interaction with multiple groups, etc.)	(e.g., maintaining distance, close physical interaction, frequency of travel, etc.)	(e.g., face coverings, appropriate covering of sneeze/cough, reduce duration spent face-to-face, increase air flow, etc.)	(e.g., personal hygiene, physical space hygiene, personal protective equipment, etc.)
Large Group Gatherings (e.g. assemblies, performances)	<ul style="list-style-type: none"> Ensure group gatherings are organized with health and safety principles and requirements in place and, as needed, in consultation with local health departments 	<ul style="list-style-type: none"> Train staff admitting individuals into larger gatherings to look for obvious symptoms. Assign seating areas to assist with contact tracing. Minimize occupancy to 25% at any given time. Symptom check all workers at a particular event. 	<ul style="list-style-type: none"> Provide sanitation stations. Limit any type of congregating that could occur: <ul style="list-style-type: none"> Concessions will be grab and go and include no exchange of cash. Require all spectators to exit the event immediately following the conclusion. Stagger locations for potential exits so that individuals have many exit points to avoid crowding and congregating. Whole staff gatherings will occur in the auditorium or larger spaces. 	<ul style="list-style-type: none"> Limit the number of spectators at any given event by doing one of the following: <ul style="list-style-type: none"> Sell/provide a limited number of tickets. Increase the number of performances when possible. Provide livestream access of events. Mark facilities to encourage physical distancing. 	<ul style="list-style-type: none"> Require all individuals at an event to wear a mask over their nose and mouth when indoors, as well as outdoors when physical distancing cannot be consistently maintained. 	<ul style="list-style-type: none"> Sanitize high touch surfaces frequently. Provide gloves or other PPE for gate workers.

		Isolate Symptoms	Minimize Outbreak Probability	Physical Distancing	Respiratory Hygiene	Physical Hygiene
		(e.g., contact tracing, testing, symptom monitoring, self-isolation, etc.)	(e.g., group size, interaction with multiple groups, etc.)	(e.g., maintaining distance, close physical interaction, frequency of travel, etc.)	(e.g., face coverings, appropriate covering of sneeze/cough, reduce duration spent face-to-face, increase air flow, etc.)	(e.g., personal hygiene, physical space hygiene, personal protective equipment, etc.)
Unique Courses with Higher Risk of Spread	<ul style="list-style-type: none"> Identify courses that would be more at risk and make plans with support from local health departments (as needed) to mitigate the risks 	<ul style="list-style-type: none"> Courses are identified that will need specific procedures: PE, Choir, Foods, School Store, Band, Woodshop, Theater, Dance, Robotics Teachers utilize symptom trackers for all students participating in these programs. Additional sanitation equipment or tools could be provided to limit sharing of items between students. Specialty classes will follow district recommendations from those committees. 	<ul style="list-style-type: none"> Teachers of these classes will assign groups of students to work together consistently throughout the quarter to assist with contact tracing. Split the class into groups so that only a portion of the class is involved in labs or activities that require close proximity to one another (i.e. foods labs, auto, woods, etc.). In the locker rooms, students will not share lockers and will dress for PE classes in small groups. Have alternative assignments for students not utilizing machinery or equipment. 	<ul style="list-style-type: none"> Utilize larger spaces for larger classes (i.e. auditorium for choir, choir room could be used for theater classes, etc.) These teachers will create a schedule of where there students will be to maximize physical distancing when possible. Teachers that have classrooms and work spaces could split the students into the two areas and have them assigned to work on different parts of projects (when feasible to do so). PE classes will utilize outdoor spaces as much as possible and choose activities that do not require as much physical contact between students. 	<ul style="list-style-type: none"> Students and teachers will wear masks over their nose and mouth. 	<ul style="list-style-type: none"> Time will be provided in class to sanitize spaces and equipment, as necessary. Sanitation stations will be made available in all areas, and students will be trained to use hand sanitizer frequently.
